

Dallas

Since its opening in 1985, our Dallas office has grown into a major force providing legal services to public entities, Fortune 500 companies and other major enterprises. It is home to many of the firm's key practice groups, including corporate, securities and financing, commercial litigation, class action litigation, patent litigation, intellectual property, patent and trademark prosecution, real estate, bankruptcy, labor and employment, and tax.

Baker Botts

The Dallas office has the capacity to offer a broad range of services to clients in the technology sector, particularly intellectual property and litigation. Our familiarity with technology companies allows us to handle a multitude of services, including patent and trademark prosecution, patent portfolio management, and technology licensing. We are proficient in complex, high-stakes litigation involving patent, trade secret, trademark and copyright issues.

Our corporate lawyers handle a full range of corporate, securities and financing matters for some of the largest companies headquartered in Texas. Baker Botts consistently ranks in the top tier of leading firms in corporate securities. Several of our lawyers have served as general counsel and in-house counsel at publicly traded companies.

Rankings

"I started at Baker Botts as a first year associate in 2004. When I considered where I should begin my career, Baker Botts stood apart to me for three reasons: (1) the high-level, sophisticated legal work, (2) the people, and (3) the training. We take pride in teaching our associates about the practice of law. I have been the beneficiary of that training and as a partner, now have the privilege of training the next generation of Baker Botts attorneys."
