

Overview

Baker Botts' Antitrust and Competition Law team has experience crafting strategic business solutions to antitrust- and competition law-related challenges that address the business demands and realities in the pharmaceutical, life sciences, and healthcare sectors. Our international team of attorneys will work with legal, business, scientific, and medical personnel to understand the unique aspects of your business and specific challenges. Recent representative engagements include customized trainings, antitrust audits, negotiation support, lifecycle management counseling, and product distribution counseling.

Representative Experience

- **Leading generic pharmaceutical company** on proposed Hatch-Waxman patent settlements.
- **Large branded pharmaceutical company** in the defense of multiple antitrust investigations by authorities in Brazil, South Africa, Israel, Korea, Italy, and India.
- **Large branded pharmaceutical company** in developing antitrust trainings tailored to the company's own products, pipeline projects, and acquisition targets.
- **Leading pharmaceutical provider** in public policy counseling and advice regarding its pharmacy operations and manufacturer relationships.
- **Leading pharmaceutical companies** in supporting negotiations in a worldwide research, development, and commercialization collaboration for HIV pipeline therapies.
- **Major pharmaceutical supplier** in its defense against an investigation by the European Commission into alleged collusive behavior and abuse of regulatory procedures.
- **Large U.S. pharmaceutical manufacturer** into allegations that the CEO of company was giving kickbacks to an insider responsible for procurement decisions at Medicare and Medicaid Services.
- **Leading biotechnology company** in relation to a joint research and development project, advising on European competition law.
- **Several international pharmaceutical companies** on issues relating to RPM and other distribution agreements.
